

PE & SPORTS GRANT 2015-16

We have been allocated £8510 grant to develop PE & sports at St ThomasøCE Primary School.

In order to make sure this has maximum impact school has topped-up this fund and appointed a Higher Level Teaching Assistant and an Activity apprentice working from 12-4.30 every day. They offer sports at lunchtime, deliver PE sessions and provide a variety of sporting after-school clubs including gymnastics, multi-skills, football, dance

The skill-base they offer covers all the PE curriculum with a particular strength in gymnastics. This has meant we now offer a wider range of clubs and high quality PE lessons were the children are in smaller groups and participation rates are high.

After-school activities feed into locally run clubs and inter-school competitions. The hard work and development of sport last year has been recognised in us being awarded, for the second consecutive year, the Gold Standard Kite Mark for PE along with success in many tournaments over the year.
