Art Statement of Intent

Our Art curriculum aims to inspire children to express themselves in a creative, imaginative manner. Children are introduced to a range of works by famous artists in order to develop their knowledge of styles and extend their vocabulary.

Our Art curriculum also provides children with the opportunities to develop and extend their proficiency in drawing, painting, sculpture, collage, textiles, print and digital media. Children will develop their skills to think critically about art, be reflective, and evaluate their own work.

Through this, children will gain an understanding of how art shapes our history and contributes to our culture.
